

# Curriculum Vitae of Mnisi Simanga

## CAREER OBJECTIVE

I'm a BSc IT student majoring in Computer Science and Information Systems doing my final year and looking for an opportunity to get to use my knowledge and experience in an entry-level position.

## RELEVANT COURSE WORK

- Computer Networks
- Databases
- Information Security
- Data Analytics
- Decision Support Systems
- Introduction to Artificial Intelligence
- Data Structures and Algorithms
- User Interface Programming
- Object Oriented Programming
- IT Developments

## EXPERIENCE

### WEB DEVELOPMENT INTERN

*Matogen Corporate Web and Software Development / June 2019–July 2019*

- Got to use Angular for the first time to create a web based application along with other student interns.
- Had to learn and use Angular to successfully complete the project.
- Used HTML, CSS, and TypeScript to contribute towards the project.
- Got to collaborate with other students which was something new for me but I found it to be a great learning experience
